

## WHO WE ARE

In 1989, **Institute of Research and Development for the Rural Poor-Trust** was founded by Dr.Irudayasamy. He was committed to help vulnerable people in need. It was registered under Indian Trust Act and under Foreign Contribution Regulation Act, Charitable Trust and 80G exemption under Income Tax act.

Our projects aim at assisting and strengthening the capabilities of women, children, children, youth at villages and public services in the field of vulnerable people protection. IRDRP always works together with local associations, authorities, communities and families

## OUR OBJECTIVES

To protect and promote child rights among the families of Dalits and Migrants living in stone quarries.

To create and access livelihood opportunities to teenagers, especially for young girls in ensuring their better health and education, employment and accomplishing their future values

To protect and promote women rights in terms of Access for their Gender justice' through need based social and economic empowerment initiatives.

## OUR MISSION

To empower the underprivileged women, children, elderly and disabled by enriching their live through education, health and sustainable livelihood skills and opportunities.

We empower these underprivileged children, youth and women to grow ahead in life by giving them applicable education, providing them healthcare facilities and livelihood programs.
